

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Laura Adams  
DOCKET NO.: 19-06117.001-R-1  
PARCEL NO.: 14-33-304-020

The parties of record before the Property Tax Appeal Board are Laura Adams, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$45,754  
**IMPR.:** \$132,350  
**TOTAL:** \$178,104

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood-siding exterior construction with 2,916 square feet of living area. The dwelling was constructed in 1989 and is approximately 30 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and an attached garage with 682 square feet of building area. The property has a 41,433 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as assigned by the township assessor to the subject property. The comparables are described as 2-story dwellings of wood-siding exterior construction that range in size from 2,778 to 3,496 square feet of living area. The homes range in age from 30 to 42 years old. The comparables each feature a full unfinished basement, central

air conditioning, a fireplace, and an attached garage ranging in size from 528 to 750 square feet of building area. The comparables have improvement assessments that range from \$120,076 to \$146,132 or from \$39.85 to \$43.70 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$123,152 or \$42.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,104. The subject property has an improvement assessment of \$132,350 or \$45.39 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same neighborhood code as assigned by the township assessor to the subject property. The comparables consist of 2-story dwellings with wood-siding exteriors that range in size from 2,816 to 2,978 square feet of living area. The homes were built from 1988 to 1990 with comparable #2 having an effective year built of 1993. Each comparable features a full unfinished basement, central air conditioning, a fireplace, and an attached garage ranging in size from 616 to 770 square feet of building area. The comparables have improvement assessments that range from \$133,504 to \$149,096 or from \$45.67 to \$50.07 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables based on their significantly larger dwelling sizes and/or newer age relative to the subject.

The Board finds the best evidence of equity in assessment to be board of review comparables which are most similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments that range from \$133,504 to \$149,096 or from \$45.67 to \$50.07 per square foot of living area. The subject's improvement assessment of \$132,350 or \$45.39 per square foot of living area falls below the range established by the best equity comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all

that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. Therefore, after considering adjustments to the most similar comparables in this record for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, thus a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
