

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Howard Kogen
DOCKET NO.: 19-06140.001-R-1
PARCEL NO.: 16-34-112-019

The parties of record before the Property Tax Appeal Board are Howard Kogen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$80,897
IMPR.: \$165,282
TOTAL: \$246,179

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,280 square feet of living area. The dwelling was built in 1978 and is 41 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, an inground swimming pool, and a 616 square foot attached garage. The property has a 23,120 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 2,932 to 5,835 square feet of living area and range in age from 41 to 89 years old. Each comparable has a basement, one of which is partially finished, central air conditioning, a fireplace and an attached garage ranging in size from 276 to 552

square feet of building area. The comparables have improvement assessments ranging from \$100,926 to \$203,795 or from \$34.29 to \$34.93 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$246,179. The subject has an improvement assessment of \$165,282 or \$38.62 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding, brick, or brick and wood siding exterior construction that range in size from 4,707 to 4,925 square feet of living area and were built from 1968 to 1980. Comparables #1, #2 and #5 have effective ages of 1985, 1986 and 1977, respectively. Each comparable has a basement, two of which have recreation rooms, central air conditioning, one or two fireplaces and an attached garage ranging in size from 649 to 950 square feet of building area. Comparables #1 and #3 have inground swimming pools. The comparables have improvement assessments ranging from \$190,005 to \$221,283 or from \$39.42 to \$47.01 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3 and #4 along with board of review comparables #3 and #5 due to significant differences in dwelling size and/or finished basement area/recreation rooms when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments ranging from \$137,979 to \$206,481 or \$34.29 to \$42.55 per square foot of living area. The subject's improvement assessment of \$165,282 or \$38.62 per square foot of living area, falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
