

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Cysewski
DOCKET NO.: 19-06142.001-R-1
PARCEL NO.: 13-02-109-017

The parties of record before the Property Tax Appeal Board are Paul Cysewski, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,211
IMPR.: \$105,792
TOTAL: \$139,003

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of brick exterior construction with 1,746 square feet of above ground living area. The dwelling was built in 1962 and is 57 years old. Features of the home include a basement and a lower level with finished area, two fireplaces, and a 667 square foot attached garage. The property has a 21,830 square foot site and is located in Tower Lakes, Cuba Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with split-level dwellings of brick or wood siding exterior construction that range in size from 1489 to 2,481 square feet of above ground living area and in age from 55 to 112 years old. Three comparables are reported to have basements with finished area and one comparable has a lower level with finished area. Two comparables have central air

conditioning. Each comparable has one or two fireplaces. One comparable is reported to have a 572 square foot detached garage. The comparables have improvement assessments ranging from \$66,663 to \$124,737 or from \$44.77 to \$52.16 per square foot of above ground living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,003. The subject has an improvement assessment of \$105,792 or \$60.59 per square foot of above ground living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with split-level dwellings of vinyl siding, wood siding, or brick and wood siding exterior construction that range in size from 1,608 to 1,731 square feet of above ground living area and were built from 1962 to 1974. All comparables are reported to have basements and lower levels with finished area. Each comparable has central air conditioning, one or two fireplaces and an attached garage ranging in size from 486 to 840 square feet of building area. The comparables have improvement assessments ranging from \$95,371 to \$103,992 or from \$55.51 to \$62.20 per square foot of above ground living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables and board of review comparable #1 due to differences in dwelling size or age when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3, and #4. These comparables are overall more similar to the subject in location, dwelling size, style, age and features. These comparables have improvement assessments ranging from \$55.51 to \$62.20 per square foot of above ground living area. The subject's improvement assessment of \$60.59 per square foot of above ground living area, falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
