

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: J.R. Scassellati  
DOCKET NO.: 19-06152.001-R-1  
PARCEL NO.: 16-10-105-017

The parties of record before the Property Tax Appeal Board are J.R. Scassellati, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$73,689  
**IMPR.:** \$171,143  
**TOTAL:** \$244,832

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of stucco exterior construction with 2,792 square feet of living area. The dwelling was built in 1986 and is 33 years old. Features of the home include a basement with a finished recreation room, central air conditioning, a fireplace, and a 529 square foot attached garage. The property has a 19,580 square foot site and is located in Lake Forest, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 2,812 to 3,530 square feet of living area and range in age from 50 to 55 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and an attached garage ranging in size from 483 to 506 square feet of

building area. The comparables have improvement assessments ranging from \$117,795 to \$185,927 or from \$37.16 to \$52.67 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$244,832. The subject has an improvement assessment of \$171,143 or \$61.30 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 2,862 to 3,193 square feet of living area and were built in 1963 or 1966. Comparables #1 and #3 have effective years built of 1992 and 1974, respectively. Each comparable has a basement with a recreation room, central air conditioning, one or two fireplaces and an attached garage with 552 or 600 square feet of building area. The comparables have improvement assessments ranging from \$166,347 to \$198,275 or from \$54.15 to \$67.29 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to a larger dwelling size and/or an unfinished basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are overall more similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments ranging from \$166,347 to \$198,275 or from \$54.15 to \$67.29 per square foot of living area. The subject's improvement assessment of \$171,143 or \$61.30 per square foot of living area, falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
