

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Pluss
DOCKET NO.: 19-06156.001-R-1
PARCEL NO.: 16-25-318-017

The parties of record before the Property Tax Appeal Board are Julie Pluss, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,634
IMPR.: \$183,214
TOTAL: \$242,848

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,998 square feet of living area. The dwelling was built in 1988 and is 31 years old. Features of the home include a basement with a finished recreation room, central air conditioning, one fireplace, and a 495 square foot attached garage. The property has approximately a 7,270 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 2,937 to 4,098 square feet of living area and are 30 to 70 years old. Each comparable is reported to have a basement with two having finished area, central air conditioning and one or two fireplaces. Three comparables have attached garages ranging in size

from 460 to 622 square feet of building area. The comparables have improvement assessments ranging from \$149,753 to \$199,893 or from \$48.60 to \$50.98 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$242,848. The subject has an improvement assessment of \$183,214 or \$61.11 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction that range in size from 2,858 to 3,423 square feet of living area and were built from 1926 to 2006. Each comparable has a basement with three having finished recreation rooms, central air conditioning, one fireplace and an attached garage ranging in size from 420 to 546 square feet of building area. The comparables have improvement assessments ranging from \$143,322 to \$223,964 or from \$48.45 to \$69.48 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2, #3 and #4 along with board of review comparable #5 due to having significantly larger dwelling sizes or older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables in the record. These comparables are more similar to the subject in location, age, style, dwelling size and most features. These comparables have improvement assessments ranging from \$159,454 to \$223,964 or from \$48.60 to \$69.48 per square foot of living area. The two comparables with finished basement area like the subject have improvement assessments of \$198,565 and \$223,964 or \$69.00 and \$69.48 per square foot of living area. The subject's improvement assessment of \$183,214 or \$61.11 per square foot of living area, falls within the range established by the best comparables in this record and well supported by the two most similar comparables. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant failed to prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
