

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shana Finkelstein
DOCKET NO.: 19-06162.001-R-1
PARCEL NO.: 16-34-313-021

The parties of record before the Property Tax Appeal Board are Shana Finkelstein, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,743
IMPR.: \$171,204
TOTAL: \$240,947

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,556 square feet of living area. The dwelling was built in 1993 and is 26 years old. Features of the home include a basement with a finished recreation room, central air conditioning, one fireplace, and a 528 square foot attached garage. The property has approximately a 16,310 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 3,321 to 3,651 square feet of living area and are 28 to 56 years old. The comparables have basements with two having finished area. Other features of each comparable include central air conditioning and an attached garage ranging in size from 483 to 638 square feet of

building area. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$133,593 to \$163,737 or from \$40.23 to \$44.85 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$240,947. The subject has an improvement assessment of \$171,204 or \$48.15 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding or brick and wood siding exterior construction that range in size from 3,712 to 4,233 square feet of living area and were built in 1991 and 1992. Each comparable has a basement with three having a finished recreation room, central air conditioning, one fireplace and an attached garage ranging in size from 682 to 874 square feet of building area. The comparables have improvement assessments ranging from \$175,514 to \$206,495 or from \$46.66 to \$50.74 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2, and #3 which are considerably older dwellings when compared to the subject. The Board also gives less weight to board of review comparable #4 due to its larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, age, style, dwelling size and some features. These comparables have improvement assessments ranging from \$163,737 to \$199,407 or from \$44.85 to \$50.74 per square foot of living area. The subject's improvement assessment of \$171,204 or \$48.15 per square foot of living area, falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant failed to prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
