

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leo Alt
DOCKET NO.: 19-06170.001-R-1
PARCEL NO.: 16-07-305-002

The parties of record before the Property Tax Appeal Board are Leo Alt, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$102,764
IMPR.: \$232,325
TOTAL: \$335,089

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,198 square feet of living area. The dwelling was built in 1989. Features of the home include a concrete slab foundation, central air conditioning, two fireplaces, and a 782 square foot garage.¹ The property has approximately a 20,264 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding or brick exterior

¹ The Board finds the subject's property record card submitted by the board of review's indicates the subject has a concrete slab foundation.

construction that range in size from 3,666 to 4,147 square feet of living area and are 25 to 30 years old. The appellant reported the basement area for each comparable as 858/slab to 2105/slab. Other features of each comparable include central air conditioning, one or three fireplaces, and a garage ranging in size from 744 to 1,002 square feet of building area. The comparables have improvement assessments ranging from \$180,095 to \$196,386 or from \$47.36 to \$49.13 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$335,089. The subject has an improvement assessment of \$232,325 or \$55.34 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 4,318 to 4,618 square feet of living area and were built from 1989 to 1994. Four comparables are reported to have basements with recreation rooms and one comparable is reported to have a concrete slab foundation. Each comparable has central air conditioning, one to three fireplaces and a garage ranging in size from 828 to 951 square feet of building area. Comparable #2 has an inground swimming pool. The comparables have improvement assessments ranging from \$248,882 to \$283,163 or from \$57.64 to \$64.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1 through #4 which have basements with recreation rooms and/or an inground swimming pool when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparable #5 which are overall more similar to the subject in location, age, style, dwelling size and features. These comparables have improvement assessments ranging from \$180,095 to \$248,882 or from \$47.36 to \$57.64 per square foot of living area. The subject's improvement assessment of \$232,325 or \$55.34 per square foot of living area, falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant failed to prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
