

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Shorr
DOCKET NO.: 19-06177.001-R-1
PARCEL NO.: 16-34-412-002

The parties of record before the Property Tax Appeal Board are David Shorr, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$84,258
IMPR.: \$201,275
TOTAL: \$285,533

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 4,480 square feet of living area. The dwelling was built in 1998 and is 21 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 736 square foot garage. The property has approximately a 24,880 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables were improved with two-story dwellings of brick or wood siding exterior construction that range in size from 4,422 to 5,476 square feet of living area. The dwellings are 30 to 42 years old. The comparables have basements with one having finished area. Each

comparable has central air conditioning, one fireplace and a garage ranging in size from 529 to 874 square feet of building area. The comparables have improvement assessments that range from \$168,477 to \$207,989 or from \$37.74 to \$38.95 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$285,533. The subject property has an improvement assessment of \$201,275 or \$44.93 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, brick and stone, or brick and wood siding exterior construction that range in size from 4,670 to 5,090 square feet of living area. The dwellings were constructed from 2003 to 2005. Each comparable has a basement with a finished recreation room, central air conditioning, one or two fireplaces and a garage ranging in size from 701 to 918 square feet of building area. The comparables have improvement assessments that range from \$230,532 to \$292,401 or from \$47.91 to \$60.23 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their older age and/or larger dwelling size when compared to the subject.

The Board finds the best evidence assessment equity to be the board of review comparables which overall are more similar to the in location, dwelling size and age. However, each comparable has finished basement area unlike the subject's unfinished basement. These comparables have improvement assessments that ranged from \$230,532 to \$292,401 or from \$47.91 to \$60.23 per square foot of living area. The subject's improvement assessment of \$201,275 or \$44.93 per square foot of living area falls below the range established by the best comparables in this record which is logical when considering the subject's lack of finished basement area. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
