

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Wasserman
DOCKET NO.: 19-06202.001-R-1
PARCEL NO.: 17-31-308-010

The parties of record before the Property Tax Appeal Board are Robert Wasserman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$126,873
IMPR.: \$182,868
TOTAL: \$309,741

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of brick exterior construction with 4,622 square feet of living area. The dwelling was built in 1929 and is 90 years old. Features of the home include a basement with a recreation room, central air conditioning, three fireplaces and a 484 square foot garage. The property has approximately a 13,290 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story or 2.5-story dwellings of brick or stone exterior construction that range in size from 3,804 to 5,152 square feet of living area. The dwellings are 77 to 94 years old. The comparables have basements, two of which have finished area. Each

comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 374 to 961 square feet of building area. The comparables have improvement assessments that range from \$119,808 to \$158,623 or from \$31.50 to \$33.04 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$309,741. The subject property has an improvement assessment of \$182,868 or \$39.56 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, 2.5-story or 3-story dwellings of brick, stone, stone and wood siding, or brick and wood siding exterior construction that range in size from 4,475 to 4,890 square feet of living area. The dwellings were constructed from 1926 to 1939 with effective ages ranging from 1941 to 1957. The comparables have basements with recreation rooms. Each comparable has central air conditioning, two or three fireplaces and a garage ranging in size from 400 to 456 square feet of building area. The comparables have improvement assessments that range from \$171,022 to \$217,595 or from \$35.85 to \$48.62 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #3 and #4 due to difference in dwelling size and/or unfinished basement when compared to the subject.

The Board finds the best evidence assessment equity to be appellant's comparable #2 and the board of review comparables which are more similar to the subject in location, dwelling size, age and features. These comparables have improvement assessments that range from \$158,623 to \$217,595 or from \$32.63 to \$48.62 per square foot of living area. The subject's improvement assessment of \$182,868 or \$39.56 per square foot of living area falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
