

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andy Choi
DOCKET NO.: 19-06223.001-R-1
PARCEL NO.: 16-10-413-010

The parties of record before the Property Tax Appeal Board are Andy Choi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,042
IMPR.: \$154,282
TOTAL: \$202,324

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,352 square feet of living area. The dwelling was built in 2001 and is 18 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a 736 square foot attached garage. The property has a 7,701 square foot site and is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding, stucco, or brick exterior construction that range in size from 3,665 to 4,918 square feet of living area and are 19 or 20 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and a detached or an attached garage ranging in size from 420 to 725 square feet of building

area. The comparables have improvement assessments ranging from \$148,122 to \$195,535 or from \$39.76 to \$42.06 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$202,324. The subject has an improvement assessment of \$154,282 or \$46.03 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick, brick and wood siding, or brick and Dryvit exterior construction that range in size from 3,301 to 3,400 square feet of living area and were built from 1999 to 2001. Each comparable has a basement with three having recreation rooms, central air conditioning, and a detached or an attached garage ranging in size from 420 to 784 square feet of building area. Four comparables each have a fireplace. The comparables have improvement assessments ranging from \$151,973 to \$166,076 or from \$44.70 to \$50.30 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #3 and #4 due to their larger dwelling sizes when compared to the subject. The Board also gave less weight to board of review comparables #1, #4 and #5 which have basement recreation rooms unlike the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are overall more similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments ranging from \$148,122 to \$153,974 or from \$39.93 to \$46.39 per square foot of living area. The subject's improvement assessment of \$154,282 or \$46.03 per square foot of living area, falls within the range established by the best comparables in this record on a square foot basis but slightly above on an overall basis. However, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
