

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Frankel
DOCKET NO.: 19-06230.001-R-1
PARCEL NO.: 16-32-318-020

The parties of record before the Property Tax Appeal Board are Jeffrey Frankel, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,807
IMPR.: \$134,183
TOTAL: \$189,990

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick exterior construction with 2,888 square feet of living area. The dwelling was built in 1977 and is approximately 42 years old. Features of the home include a slab foundation, central air conditioning, one fireplace and an attached garage with 440 square feet of building area. The property has a site with approximately 10,790 square feet of land area and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of brick exterior construction with either 2,888 to 2,892 square feet of living area. The homes are 45 or 46 years old. Each comparable has a slab foundation, central air conditioning, one fireplace, and an attached garage with 440 square

feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from 552 to 1,320 feet from the subject property. The comparables have improvement assessments ranging from \$110,970 to \$113,773 or from \$38.37 to \$39.40 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$111,852.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$189,990. The subject property has an improvement assessment of \$134,183 or \$46.46 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick or brick and wood siding exterior construction each with 2,888 square feet of living area. The homes were built from 1973 to 1977. Each property has a slab foundation, central air conditioning, and an attached garage with 440 square feet of building area. Four comparables have one fireplace and comparable #1 has an inground swimming pool. The comparables have the same assessment neighborhood code as the subject property and are located within 386 feet of the subject property. The comparables have improvement assessments ranging from \$120,307 to \$135,799 or from \$41.66 to \$47.02 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The comparables are all relatively similar to the subject in age, style and features. However, the comparables provided by the board of review are superior to the appellant's comparables in location near the subject property. Therefore, the Board gives most weight to the board of review comparables recognizing that board of review comparable #1 would require a downward adjustment due to the fact this property has an inground swimming pool while the subject property has no swimming pool and comparable #5 would require an upward adjustment due to the lack of a fireplace. These comparables have improvement assessments that range from \$120,307 to \$135,799 or from \$41.66 to \$47.02 per square foot of living area. The subject's improvement assessment of \$134,183 or \$46.46 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same general area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
