

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Cohen  
DOCKET NO.: 19-06243.001-R-1  
PARCEL NO.: 16-29-108-037

The parties of record before the Property Tax Appeal Board are Steven Cohen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$53,278  
**IMPR.:** \$166,324  
**TOTAL:** \$219,602

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,018 square feet of living area. The dwelling was built in 1986 and is 33 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 460 square foot garage. The property has approximately a 12,736 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject property. The comparables are described as two-story dwellings of wood siding exterior construction that range in size from 3,118 to 3,319 square feet of living area. The dwellings are 29 to 34 years old. Each comparable has a concrete slab foundation, central air conditioning one fireplace and a garage

ranging in size from 484 to 556 square feet of building area. The comparables have improvement assessments that range from \$164,097 to \$173,263 or from \$52.20 to \$52.80 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$219,602. The subject property has an improvement assessment of \$166,324 or \$55.11 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction that range in size from 2,888 to 3,044 square feet of living area. The dwellings were constructed from 1960 to 1990. Comparable #4 has an effective age of 1982. Three comparables have concrete slab foundations and one comparable has a full unfinished basement. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 440 to 504 square feet of building area. The comparables have improvement assessments that range from \$159,124 to \$170,896 or from \$55.10 to \$56.14 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives less weight to board of review comparable #4 which is an older dwelling with a full unfinished basement when compared to the subject.

The Board finds the best evidence assessment equity to be the parties' remaining comparables which are similar to the subject in location, dwelling size, age and most features. These comparables have improvement assessments that range from \$159,124 to \$173,263 or from \$52.20 to \$55.42 per square foot of living area. The subject's improvement assessment of \$166,324 or \$55.11 per square foot of living area falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
