

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Multack  
DOCKET NO.: 19-06248.001-R-1  
PARCEL NO.: 16-15-215-019

The parties of record before the Property Tax Appeal Board are David Multack, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$32,885  
**IMPR.:** \$136,560  
**TOTAL:** \$169,445

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story duplex of brick exterior construction with 4,552 square feet of living area. The dwelling was built in 1981 and is 38 years old. Features of the home include a basement with a recreation room, central air conditioning, six fireplaces and a 528 square foot garage. The property has approximately a 7,400 square foot site and is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are described as two-story duplexes of brick, stucco, or wood siding exterior construction that range in size from 3,108 to 4,110 square feet of living area. The dwellings are 79 to 98 years old and have basements with two having finished area. Three comparables have

central air conditioning and garages ranging in size from 324 to 735 square feet of building area. One comparable has two fireplaces. The comparables have improvement assessments that range from \$74,861 to \$112,2070 or from \$22.85 to \$28.89 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,445. The subject property has an improvement assessment of \$136,560 or \$30.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story duplexes of brick exterior construction that range in size from 3,432 to 4,824 square feet of living area. The dwellings were constructed from 1972 to 1996 and have basements with one having a recreation room. Two comparables have central air conditioning and one or two fireplaces. Each comparable has a garage ranging in size from 572 to 819 square feet of building area. The comparables have improvement assessments that range from \$109,653 to \$228,065 or from \$31.95 to \$47.28 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are significantly older dwellings when compared to the subject.

The Board finds the best evidence assessment equity to be the board of review comparables which are most similar to the subject in age and have varying degrees of similarity in age, dwelling size and features. These comparables have improvement assessments ranging from \$109,653 to \$228,065 or from \$31.95 to \$47.28 per square foot of living area, respectively. The subject's improvement assessment of \$136,560 or \$30.00 per square foot of living area falls below the range established by the best comparables in this record on an overall basis and below the range on a per square foot basis. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
