

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Morton  
DOCKET NO.: 19-06251.001-R-1  
PARCEL NO.: 16-26-108-044

The parties of record before the Property Tax Appeal Board are Paul Morton, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$94,424  
**IMPR.:** \$101,056  
**TOTAL:** \$195,480

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,158 square feet of living area. The dwelling was built in 1976 and is 43 years old. Features of the home include a basement with a recreation room, central air conditioning, a fireplace and a 506 square foot garage. The property has a 16,430 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are described as two-story dwellings of brick exterior construction that range in size from 2,840 to 3,926 square feet of living area. The dwellings are 50 to 68 years old and have basements with one having finished area. Each comparable has central air conditioning and a

garage ranging in size from 462 to 576 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$78,703 to \$111,281 or from \$27.52 to \$28.46 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$195,480. The subject property has an improvement assessment of \$101,056 or \$32.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction that range in size from 2,856 to 3,301 square feet of living area. The dwellings were constructed from 1967 to 1978 and have basements with two having recreation rooms. Each comparable has central air conditioning and one fireplace. Four comparables each have a garage ranging in size from 418 to 506 square feet of building area. The comparables have improvement assessments that range from \$102,140 to \$126,578 or from \$30.94 to \$40.31 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as three are older dwellings and one has a considerably larger dwelling size when compared to the subject.

The Board finds the best evidence assessment equity to be the board of review comparables which overall are more similar to the subject in location, dwelling size, age and most features. These comparables have improvement assessments that range from \$102,140 to \$126,578 or from \$30.94 to \$40.31 per square foot of living area. The subject's improvement assessment of \$101,056 or \$32.00 per square foot of living area falls within the range established by the best comparables in this record on a square foot basis and below on an overall basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
