

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Greenberg
DOCKET NO.: 19-06257.001-R-1
PARCEL NO.: 16-36-420-010

The parties of record before the Property Tax Appeal Board are David Greenberg, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$99,874
IMPR.: \$93,720
TOTAL: \$193,594

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,748 square feet of living area. The dwelling was constructed in 1926 and is approximately 93 years old. The dwelling has a reported effective age of 1944 due to remodeling in 1996. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 220 square foot garage. The property has a site with approximately 14,970 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within 647 feet from the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 2.5-story

dwellings of brick or wood siding exterior construction ranging in size from 3,028 to 3,234 square feet of living area. The dwellings are 78 or 94 years old. The appellant reported that each comparable has a basement, two of which have finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 180 to 609 square feet of building area. The comparables have improvement assessments that range from \$91,513 to \$103,875 or from \$30.22 to \$32.61 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$86,974 or \$31.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$193,594. The subject property has an improvement assessment of \$93,720 or \$34.10 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within 692 feet from the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,612 to 2,840 square feet of living area. The dwellings were built from 1927 to 1951 and have reported effective ages ranging from 1944 to 1969. The comparables each have a basement finished with a recreation room, central air conditioning, one or three fireplaces and a garage ranging in size from 240 to 630 square feet of building area. The comparables have improvement assessments that range from \$105,904 to \$164,447 or from \$37.73 to \$59.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #2 due to its larger dwelling size when compared to the subject. The Board has given reduced weight to board of review comparables #1 and #2 due to their newer effective ages when compared to the subject.

The Board finds the best evidence of assessment equity to be parties' remaining comparables, which are similar to the subject in location, dwelling size, design, effective age and some features, however four of the comparables have basement recreation rooms, unlike the subject, suggesting a downward adjustment for this feature would be required to make the comparables more equivalent to the subject. The comparables have improvement assessments that range from \$91,513 to \$107,150 or from \$30.22 to \$40.55 per square foot of living area. The subject's improvement assessment of \$93,720 or \$34.10 per square foot of living area falls within the range established by the best comparables in the record both in terms of overall improvement

assessment and on a square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
