

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Wasserman
DOCKET NO.: 19-06260.001-R-1
PARCEL NO.: 16-34-305-045

The parties of record before the Property Tax Appeal Board are Steven Wasserman, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,042
IMPR.: \$132,030
TOTAL: \$191,072

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,012 square feet of living area. The dwelling was constructed in 1977 and is approximately 42 years old. Features of the home include a 1,572 square foot basement finished with a 1,258 square foot recreation room, central air conditioning, a fireplace and a 462 square foot garage. The property has an approximately 19,620 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .53 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding or brick exterior construction ranging in size from 3,220 to 3,732 square feet of

living area. The dwellings range in age from 42 to 56 years old. The appellant reported that each comparable has from 855 to 1,537 square feet of basement area, one of which is finished with a 1,034 square foot recreation room. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 483 to 704 square feet of building area. The comparables have improvement assessments that range from \$112,324 to \$135,096 or from \$34.88 to \$36.83 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$108,341 or \$35.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$191,072. The subject property has an improvement assessment of \$132,030 or \$43.83 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .61 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,842 to 3,192 square feet of living area. The dwellings were built from 1976 to 1979. The board of review reported that each comparable has from 735 to 1,872 square feet of basement area, each of which have a recreation room ranging in size from 735 to 1,497 square feet of finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 483 to 884 square feet of building area. Comparables #1 and #5 each have an inground swimming pool. The comparables have improvement assessments that range from \$116,713 to \$154,714 or from \$40.62 to \$48.47 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to differences from the subject in dwelling size and/or age. Furthermore, three of these comparables have unfinished basements, unlike the subject. The Board gives reduced weight to board of review comparables #1 and #5 as each has an inground swimming pool unlike the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3 and #4, which are similar to the subject in location, design and age. However, the Board finds each comparable has a smaller dwelling size with a smaller basement and recreation room. The comparables have improvement assessments that range from \$116,713 to \$128,121 or from \$40.62 to \$43.34 per square foot of living area. The subject's improvement assessment of

\$132,030 or \$43.83 per square foot of living area falls above the range established by the best comparables in the record both in terms of overall improvement assessment and on a square foot basis, which appears to be logical given its larger dwelling, basement and recreation room sizes. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
