

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jordan Wood  
DOCKET NO.: 19-06263.001-R-1  
PARCEL NO.: 16-34-401-004

The parties of record before the Property Tax Appeal Board are Jordan Wood, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$74,513  
**IMPR.:** \$113,689  
**TOTAL:** \$188,202

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,750 square feet of living area. The dwelling was constructed in 1976 and is approximately 43 years old. Features of the home include a basement finished with a recreation room, central air conditioning, a fireplace and a 506 square foot garage. The property has a site with approximately 20,000 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located from 1,578 to 2,411 feet from the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,220 to 4,024

square feet of living area. The dwellings range in age from 54 to 56 years old. The appellant reported that each comparable has a basement, one of which has finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 483 to 704 square feet of building area. The comparables have improvement assessments that range from \$112,324 to \$137,979 or from \$34.29 to \$36.09 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$91,171 or \$35.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$188,202. The subject property has an improvement assessment of \$113,689 or \$41.34 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located from 202 to 3,721 feet from the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,842 to 3,160 square feet of living area. The dwellings were built from 1976 to 1978. The comparables each have a basement, four of which have recreation rooms. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 483 to 884 square feet of building area. The comparables have improvement assessments that range from \$116,713 to \$133,672 or from \$39.04 to \$43.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their larger dwelling sizes, older ages and/or unfinished basements when compared to the subject. The Board has also given less weight to board of review comparable #4 due to its unfinished basement, unlike the subject's basement finished with a recreation room. The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, #3 and #5, which are overall most similar to the subject in dwelling size, design, age and features. The comparables have improvement assessments that range from \$116,713 to \$133,672 or from \$40.62 to \$43.34 per square foot of living area. The subject's improvement assessment of \$113,689 or \$41.34 per square foot of living area falls within the range established by the best comparables in the record on a square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
