

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Weber  
DOCKET NO.: 19-06275.001-R-1  
PARCEL NO.: 16-26-104-065

The parties of record before the Property Tax Appeal Board are Daniel Weber, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$99,433  
**IMPR.:** \$88,116  
**TOTAL:** \$187,549

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 2,230 square feet of living area. The dwelling was constructed in 1954 and is approximately 65 years old. The dwelling has a reported effective age of 1961 due to remodeling in 1991. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 462 square foot garage. The property has a 19,379 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 2,079 feet from the subject property. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 2,119 to 3,095 square feet of

living area. The dwellings range in age from 60 to 68 years old. The comparables have basements, two of which have finished area. Each comparable has central air conditioning and a fireplace. The appellant reported that two comparables each have a garage with either 456 or 483 square feet of building area. The comparables have improvement assessments that range from \$70,657 to \$104,521 or from \$32.13 to \$33.77 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$74,130 or \$33.24 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,549. The subject property has an improvement assessment of \$88,116 or \$39.51 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within 1,548 feet from the subject property. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction ranging in size from 1,998 to 2,481 square feet of living area. The dwellings were built from 1952 to 1961 with comparables #2, #3 and #5 having reported effective ages of 1960, 1987 and 1958, respectively. Two comparables have concrete slab foundations and three comparables have basements, one of which is finished with a recreation room. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 448 to 484 square feet of building area. The comparables have improvement assessments that range from \$72,265 to \$108,004 or from \$35.44 to \$54.06 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their larger dwelling sizes, finished basements and/or lack of a garage when compared to the subject. The Board gives reduced weight to board of review comparables #2 and #4 due to their dissimilar concrete slab foundations when compared to the subject and to board of review comparable #3 as it has a basement recreation room in contrast to subject's unfinished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #5, which are overall most similar to the subject in location, dwelling size, design, age and features. The comparables have improvement assessments of \$72,265 and \$107,481 or \$35.44 and \$45.33 per square foot of living area. The subject's improvement assessment of \$88,116 or \$39.51 per square foot of living area falls between the two best comparables in the record both in

terms of overall improvement assessment and on a square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
