

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Justin Kee
DOCKET NO.: 19-06278.001-R-1
PARCEL NO.: 16-36-112-018

The parties of record before the Property Tax Appeal Board are Justin Kee, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$64,582
IMPR.: \$164,653
TOTAL: \$229,235

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,796 square feet of living area. The dwelling was constructed in 1928 and is approximately 91 years old. The dwelling has a reported effective age of 1972 due to remodeling in 2012. Features of the home include a basement finished with a recreation room, central air conditioning, a fireplace and a 528 square foot garage. The property has a site with approximately 10,580 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .74 of a mile from the subject property. The comparables are improved with two-story or three-story

dwellings of stucco, wood siding, or brick exterior construction ranging in size from 2,640 to 4,777 square feet of living area. The dwellings range in age from 90 to 95 years old. The comparables each have a basement, one of which has finished area and three comparables have central air conditioning. Each comparable has one or two fireplaces and a garage ranging in size from 399 to 572 square feet of building area. The comparables have improvement assessments that range from \$106,656 to \$187,120 or from \$39.17 to \$44.54 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$117,488 or \$42.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$229,235. The subject property has an improvement assessment of \$164,653 or \$58.89 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject and located within .72 of a mile from the subject property. The board of review's comparable #3 is a duplicate of the appellant's comparable #3. The comparables are improved with two-story dwellings of brick, stone and wood siding, or brick and wood siding exterior construction ranging in size from 2,757 to 2,912 square feet of living area. The dwellings were built from 1926 to 1940 and have reported effective ages that range from 1933 to 1976. Each comparable has a basement finished with a recreation room, central air conditioning, a fireplace and a garage ranging in size from 500 to 613 square feet of building area. The comparables have improvement assessments that range from \$128,093 to \$176,533 or from \$43.99 to \$63.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six suggested equity comparables for the Board's consideration, as one comparable was common to both parties. The Board has given less weight to the appellant's comparables, which includes the common comparable due to their considerably older effective ages and/or larger dwelling sizes when compared to the subject. Furthermore, the appellant's comparable #2 lacks central air conditioning and a basement recreation room, both features the subject has.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2, which are similar to the subject in location and are overall more similar to the subject in dwelling size, design, effective age and features. The comparables have improvement assessments of \$143,219 and \$176,533 or \$51.95 and \$63.50 per square foot of living area. The subject's improvement assessment of \$164,653 or \$58.89 per square foot of living area falls

between the two best comparables in the record both in terms of overall improvement assessment and on a square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
