

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Benjamin Good DOCKET NO.: 19-06283.001-R-1 PARCEL NO.: 16-23-417-027

The parties of record before the Property Tax Appeal Board are Benjamin Good, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *no change* in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$97,952 **IMPR.:** \$130,578 **TOTAL:** \$228,530

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

#### **Findings of Fact**

The subject property consists of a two-story dwelling of brick and stucco exterior construction with 3,155 square feet of living area. The dwelling was built in 1926 and is approximately 93 years old. The dwelling has an effective year built of 1943. Features of the property include a full basement with a recreation room, central air conditioning, one fireplace and a detached garage with 440 square feet of building area. The property has a site with approximately 12,050 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with 2-story or 2.5-story dwellings of wood siding, stucco, or brick exterior construction ranging in size from 2,892 to 3,724 square feet of living area. The homes are from 86 to 98 years old. Each comparable has an unfinished full basement, central air

conditioning, one fireplace, and a detached garage ranging in size from 294 to 528 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from 2,323 to 4,775 feet from the subject property. The comparables have improvement assessments ranging from \$95,865 to \$119,933 or from \$32.21 to \$33.19 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$103,160.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$228,530. The subject property has an improvement assessment of \$130,578 or \$41.39 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of wood siding, brick, stone or stucco exterior construction ranging in size from 3,061 to 3,599 square feet of living area. The homes were built from 1906 to 1951 and have effective construction dates ranging from 1943 to 1954. Each comparable has a full basement with a recreation room, four comparables have central air conditioning, each property has two fireplaces, and each comparable has an attached garage ranging in size from 393 to 814 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from 2,373 to 6,223 feet from the subject property. The comparables have improvement assessments ranging from \$148,156 to \$213,120 or from \$44.72 to \$69.62 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables due to the lack of finished basement area, unlike the subject's basement with finished area. The Board gives less weight to board of review comparable #1 as the improvement assessment appears to be an outlier with respect to remaining comparables submitted by the parties. The Board gives most weight to board of review comparables #2 through #5. These comparables have improvement assessments that range from \$148,156 to \$201,947 or from \$44.72 to \$56.11 per square foot of living area. The subject's improvement assessment of \$130,578 or \$41.39 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
