

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edwin Kaiser
DOCKET NO.: 19-06299.001-R-1
PARCEL NO.: 16-36-205-045

The parties of record before the Property Tax Appeal Board are Edwin Kaiser, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$117,065
IMPR.: \$106,933
TOTAL: \$223,998

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding construction with 3,228 square feet of living area. The dwelling was constructed in 1930, is approximately 89 years old and has an effective year built of 1951. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 484 square foot garage. The property has an approximately 16,200 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 2.5-story dwellings of brick, stucco or wood siding exterior construction that range in size from 3,007 to 3,660 square feet of living area. The homes

range in age from 91 to 108 years old. Each comparable has a basement, three with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 378 to 672 square feet of building area. The comparables have improvement assessments that range from \$82,222 to \$104,894 or from \$27.34 to \$28.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$90,787 or \$28.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,998. The subject has an improvement assessment of \$106,933 or \$33.13 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick, stone or wood siding exterior construction that range in size from 2,958 to 3,712 square feet of living area. The homes were built from 1926 to 1951 and have effective years built ranging from 1926 to 1964. Each comparable has a basement, four with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 437 to 828 square feet of building area. The comparables have improvement assessments that range from \$143,322 to \$188,786 or from \$41.27 to \$56.25 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 along with board of review comparables #2, #4 and #5 which differ from the subject in age, design and/or basement finish.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size, basement finish and other features. These comparables have improvement assessments that range from \$82,222 to \$182,447 or from \$27.34 to \$49.15 per square foot of living area. The subject's improvement assessment of \$106,933 or \$33.13 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
