

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brad Greenspan
DOCKET NO.: 19-06300.001-R-1
PARCEL NO.: 16-27-118-003

The parties of record before the Property Tax Appeal Board are Brad Greenspan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,498
IMPR.: \$179,420
TOTAL: \$223,918

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2.5-story dwelling of wood siding exterior construction with 3,006 square feet of living area. The dwelling was built in 1998 and is 21 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 441 square foot garage. The property has a 7,300 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are described as tri-level or two-story dwellings of brick exterior construction that range in size from 2,369 to 3,138 square feet of living area. The dwellings are 41 to 71 years old. One comparable has a lower level with finished area and three comparables have basements with

finished area. All comparables have central air conditioning and garages, three of which range in size from 440 to 528 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$114,995 to \$142,926 or from \$45.55 to \$50.07 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,918. The subject property has an improvement assessment of \$179,420 or \$59.69 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding or brick and wood siding exterior construction that range in size from 2,721 to 3,442 square feet of living area. The dwellings were constructed from 2004 to 2006. The comparables have basements with four having recreation rooms. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 420 to 599 square feet of building area. The comparables have improvement assessments that range from \$193,620 to \$247,696 or from \$61.06 to \$71.96 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables which are considerably older dwellings when compared to the subject. In addition, comparable #1 is a tri-level dwelling unlike the subject and comparables #2, #3 and #4 have significantly smaller dwelling sizes than the subject.

The Board finds the best evidence assessment equity to be the board of review comparables which are more similar to the subject in location, dwelling size, age and most features. These comparables have improvement assessments that range from \$193,620 to \$247,696 or from \$61.06 to \$71.96 per square foot of living area. The subject's improvement assessment of \$179,420 or \$59.69 per square foot of living area falls below the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
