

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dimitry Burukhin
DOCKET NO.: 19-06318.001-R-1
PARCEL NO.: 16-22-408-026

The parties of record before the Property Tax Appeal Board are Dimitry Burukhin, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,744
IMPR.: \$163,675
TOTAL: \$212,419

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding construction with 2,564 square feet of living area. The dwelling was built in 2005 and is approximately 14 years old. Features of the home include a partial basement that is partially finished, central air conditioning, one fireplace and an attached garage with 460 square feet of building area. The property has a site with approximately 7,500 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,986 to 3,892 square feet of living area. The homes range in age from 19 to 49 years old. Each comparable has a full basement with one having finished area, central air

conditioning, and an attached or detached garage ranging in size from 462 to 528 square feet of building area. Three comparables have one or two fireplaces. The comparables have the same assessment neighborhood code as the subject property and are located from 832 to 1,504 feet from the subject property. The comparables have improvement assessments ranging from \$151,353 to \$222,945 or from \$44.47 to \$58.69 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$132,494.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$212,419. The subject property has an improvement assessment of \$163,675 or \$63.84 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of wood siding, brick, or wood siding and stone exterior construction ranging in size from 2,648 to 2,863 square feet of living area. The homes were built from 2004 to 2008. Each comparable has a full basement with a recreation room, central air conditioning, and an attached garage ranging in size from 418 to 441 square feet of building area. Four comparables have one or two fireplaces. The comparables have the same assessment neighborhood code as the subject property and are located from 460 to 1,443 feet from the subject property. The comparables have improvement assessments ranging from \$169,843 to \$199,732 or from \$62.01 to \$69.67 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables due to the differences from the subject in dwelling age and/or size. The Board gives most weight to the comparables presented by the board of review as these properties are more similar to the subject dwelling in size and age than are the comparables provided by the appellant. The Board finds the board of review comparables are improved with dwellings slightly larger with larger basements containing more finished area than the subject dwelling, suggesting that downward adjustments to the comparables would be appropriate to account for these features. These comparables have improvement assessments that range from \$169,843 to \$199,732 or from \$62.01 to \$69.67 per square foot of living area. The subject's improvement assessment of \$163,675 or \$63.84 per square foot of living area falls below the overall improvement assessment range but within the range on a per square foot basis established by the best comparables. This is appropriate considering differences in dwelling sizes and features. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
