

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dana Blumberg  
DOCKET NO.: 19-06321.001-R-1  
PARCEL NO.: 16-32-303-013

The parties of record before the Property Tax Appeal Board are Dana Blumberg, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$58,581  
**IMPR.:** \$116,701  
**TOTAL:** \$175,282

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of brick and wood siding exterior construction containing 2,459 square feet of living area. The dwelling was constructed in 1972 and is approximately 47 years old. Features of the home include a slab foundation, central air conditioning, one fireplace and an attached garage with 467 square feet of building area. The property has a 10,920 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,353 to 2,892 square feet of living area. The homes are 45 or 46 years old. Each comparable has a slab foundation, central air conditioning, one fireplace, and an attached

garage with either 440 or 491 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from 2,080 to 2,380 feet from the subject property. The comparables have improvement assessments ranging from \$92,168 to \$111,998 or from \$38.37 to \$39.17 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$95,163.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$175,282. The subject property has an improvement assessment of \$116,701 or \$47.46 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,314 to 2,696 square feet of living area. The homes were built from 1972 to 1977. Two comparables have slab foundations, two comparables have unfinished full basements, and one comparable has a partial basement partially finished with a recreation room. Each property has central air conditioning, one fireplace, and an attached garage ranging in size from 437 to 552 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from 366 to 2,392 feet from the subject property. The comparables have improvement assessments ranging from \$114,442 to \$135,643 or from \$46.31 to \$53.49 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The Board gives less weight to appellant's comparables #1, #2 and #3 due differences from the subject in dwelling size. The Board gives less weight to board of review comparables #1, #3 and #4 due to their partial or full basements which are superior to the subject's slab foundation. The Board gives most weight to appellant's comparable #4 and board of review comparables #2 and #5 as these properties are most similar to the subject dwelling in size and foundation. These three comparables have improvement assessments that range from \$92,168 to \$131,846 or from \$39.17 to \$48.90 per square foot of living area. The subject's improvement assessment of \$116,701 or \$47.46 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex

Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence in this record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
