

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alla Batko
DOCKET NO.: 19-06324.001-R-1
PARCEL NO.: 16-17-305-007

The parties of record before the Property Tax Appeal Board are Alla Batko, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,614
IMPR.: \$58,790
TOTAL: \$108,404

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,527 square feet of living area. The dwelling was constructed in 1964 and is approximately 55 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 441 square foot garage. The property has a 17,424 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,868 to 2,089 square feet of living area. The dwellings are 70 or 71 years old. Each comparable has a concrete slab foundation, two comparables have central air

conditioning, two comparables each have a fireplace and each comparable has a garage that ranges in size from 460 to 550 square feet of building area. The comparables have improvement assessments that range from \$53,168 to \$62,363 or from \$28.46 to \$31.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$45,275 or \$29.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,404. The subject property has an improvement assessment of \$58,790 or \$38.50 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction ranging in size from 1,125 to 1,535 square feet of living area. The dwellings were built in 1948 or 1956. Each comparable has either a crawl space or a concrete slab foundation, one comparable has central air conditioning, two comparables each have a fireplace and each comparable has a garage that ranges in size from 400 to 1,300 square feet of building area. The comparables have improvement assessments that range from \$44,209 to \$57,198 or from \$37.26 to \$41.71 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board finds none of the comparables are truly similar to the subject due to significant differences in dwelling size, age and/or features. Nevertheless, these comparables have improvement assessments that range from \$44,209 to \$62,363 or from \$28.46 to \$41.71 per square foot of living area. The subject's improvement assessment of \$58,790 or \$38.50 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
