

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Howard Bain
DOCKET NO.: 19-06328.001-R-1
PARCEL NO.: 16-10-419-018

The parties of record before the Property Tax Appeal Board are Howard Bain, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,888
IMPR.: \$166,076
TOTAL: \$208,964

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,302 square feet of living area. The dwelling was constructed in 2001 and is approximately 18 years old. Features of the home include a basement with a recreation room, central air conditioning, a fireplace and a 784 square foot garage. The property has a 6,599 square foot site and is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of stucco, dryvit or wood siding exterior construction ranging in size from 3,665 to 4,112 square feet of living area. Each dwelling is 20 years old and features an unfinished basement, central air conditioning, a fireplace and a garage

that ranges in size from 420 to 601 square feet of building area. The comparables have improvement assessments that range from \$148,122 to \$173,273 or from \$39.93 to \$42.74 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$136,455 or \$41.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$208,964. The subject property has an improvement assessment of \$166,076 or \$50.30 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or stucco and brick exterior construction ranging in size from 3,124 to 3,533 square feet of living area. The dwellings were built from 1999 to 2001. Each comparable has a basement, one of which has a recreation room. The comparables each have central air conditioning, a fireplace and a garage that ranges in size from 412 to 760 square feet of building area. The comparables have improvement assessments that range from \$146,393 to \$179,732 or from \$46.86 to \$51.57 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review, which are similar to the subject in location, dwelling size, design, age and many features. These comparables have improvement assessments that range from \$146,393 to \$179,732 or from \$46.86 to \$51.57 per square foot of living area. The subject's improvement assessment of \$166,076 or \$50.30 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
