

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yvette Castellanos
DOCKET NO.: 19-06329.001-R-1
PARCEL NO.: 16-32-413-016

The parties of record before the Property Tax Appeal Board are Yvette Castellanos, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,894
IMPR.: \$259,984
TOTAL: \$325,878

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,014 square feet of living area. The dwelling was constructed in 2001 and is approximately 18 years old. Features of the home include a basement with a recreation room, central air conditioning, two fireplaces and a 764 square foot garage. The property has a 21,531 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick and wood siding exterior construction ranging in size from 4,786 to 5,014 square feet of living area. The dwellings range in age from 18 to 23 years old. The comparables each have a basement, two have which have

finished area. Each comparable has central conditioning, one or two fireplaces and a garage that ranges in size from 651 to 768 square feet of building area. The comparables have improvement assessments that range from \$223,077 to \$239,200 or from \$44.49 to \$49.92 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$240,504 or \$47.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$325,878. The subject property has an improvement assessment of \$259,984 or \$51.85 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 4,477 to 4,861 square feet of living area. The dwellings were built from 1998 to 2002. The comparables each have a basement, one of which has a recreation room. Each comparable has central air conditioning, one or two fireplaces and a garage that ranges in size from 651 to 815 square feet of building area. The comparables have improvement assessments that range from \$235,059 to \$255,867 or from \$49.92 to \$52.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board finds all of the comparables are similar to the subject in location, dwelling size, design, age and most features, except four of the comparables have unfinished basements in contrast to the subject's basement with a recreation room, suggesting an upward adjust would be required to make these comparables more equivalent to the subject. These seven comparables have improvement assessments that range from \$223,077 to \$255,867 or from \$44.49 to \$52.64 per square foot of living area. The subject's improvement assessment of \$259,984 or \$51.85 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
