

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vincent Casieri  
DOCKET NO.: 19-06330.001-R-1  
PARCEL NO.: 16-29-208-021

The parties of record before the Property Tax Appeal Board are Vincent Casieri, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$40,771  
**IMPR.:** \$222,169  
**TOTAL:** \$262,940

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding and brick exterior construction with 3,430 square feet of living area. The dwelling was constructed in 2003 and is approximately 16 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 462 square foot garage. The property has a site with approximately 7,920 square feet of land area and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within the same assessment neighborhood code as the subject. The comparables have sites that range in size from 9,151 to 11,251 square feet of land area. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,327 to 4,018 square feet of

living area. The dwellings range in age from 4 to 16 years old. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, a fireplace and a garage that ranges in size from 440 to 712 square feet of building area. The properties sold from February 2018 to May 2019 for prices ranging from \$691,500 to \$858,450 or from \$172.10 to \$225.43 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$238,670, which would reflect a market value of \$716,082 or \$208.77 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$262,940. The subject's assessment reflects a market value of \$799,453 or \$233.08 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on seven comparable sales located within the same assessment neighborhood code as the subject. The comparables have sites that range in size from 6,250 to 16,570 square feet of land area. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 2,931 to 3,874 square feet of living area. The dwellings were built from 1999 to 2018. The comparables each have a basement, four of which have recreation rooms. Each comparable has central air conditioning, a fireplace and a garage that ranges in size from 418 to 846 square feet of building area. The properties sold from March 2018 to May 2019 for prices ranging from \$830,000 to \$974,500 or from \$251.55 to \$295.12 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eleven suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3, as well as board of review comparables #1, #2, #3, #5 and #7 which differ from the subject in dwelling size, age and/or have finished basements, unlike the subject.

The Board finds the best evidence of market value to be the appellant's comparable #4 and board of review comparables #4 and #6. The Board finds these comparables are relatively similar to the subject in location, dwelling size, design, age and most features. These properties sold from February to June 2018 for prices ranging from \$750,000 to \$974,500 or from \$223.35 to \$271.31 per square foot of living area, including land. The subject's assessment reflects a market value of \$799,453 or \$233.08 per square foot of living area, including land, which falls within the range

established by the best comparable sales in the record both in terms of overall market value and on a price per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
