

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Carol
DOCKET NO.: 19-06335.001-R-1
PARCEL NO.: 16-32-106-029

The parties of record before the Property Tax Appeal Board are Charles Carol, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,865
IMPR.: \$227,016
TOTAL: \$273,881

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,078 square feet of living area. The dwelling was constructed in 2008 and is approximately 11 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 462 square foot garage. The property has a site with approximately 8,860 square feet of land area and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within the same assessment neighborhood code as the subject. The comparables have sites that range in size from 10,585 to 12,127 square feet of land area. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,099 to 4,054 square feet of living area. The dwellings range in age from 2 to 15 years old. The comparables each have an

unfinished basement, central air conditioning, a fireplace and a garage that ranges in size from 506 to 726 square feet of building area. The properties sold from April 2017 to May 2019 for prices ranging from \$650,000 to \$996,000 or from \$209.75 to \$246.08 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$240,917, which would reflect a market value of \$722,823 or \$234.84 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$273,881. The subject's assessment reflects a market value of \$832,718 or \$270.54 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within the same assessment neighborhood code as the subject. The board of review reported that four of the comparables have sites that range in size from 7,980 to 10,490 square feet of land area. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 2,680 to 3,540 square feet of living area. The dwellings were built from 2007 to 2017. The comparables each have a basement, two of which have recreation rooms. Each comparable has central air conditioning, a fireplace and a garage that ranges in size from 399 to 714 square feet of building area. The properties sold in April and July 2019 for prices ranging from \$800,000 to \$955,000 or from \$265.25 to \$298.51 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #4 due to their larger dwelling sizes or their sale occurred in 2017, which is dated and less likely to be indicative of the subject's market value as of January 1, 2019. The Board has also given less weight to the appellant's comparable #3 as it appears to be an outlier due to its considerably lower sales price when compared to the other comparables in the record. The Board has given reduced weight to board of review comparables #3 and #5 as each dwelling has a basement recreation room in contrast to the subject dwelling's unfinished basement.

The Board finds the best evidence of market value to be board of review comparables #1, #2 and #4. The Board finds these comparables are relatively similar to the subject in location, dwelling size, design, age and most features. These properties sold in April and July 2019 for prices ranging from \$817,500 to \$955,000 or from \$265.25 to \$287.30 per square foot of living area,

including land. The subject's assessment reflects a market value of \$832,718 or \$270.54 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record both in terms of overall market value and on a price per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
