

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ira Alport
DOCKET NO.: 19-06339.001-R-1
PARCEL NO.: 16-34-305-004

The parties of record before the Property Tax Appeal Board are Ira Alport, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$74,949
IMPR.: \$122,662
TOTAL: \$197,611

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,552 square feet of living area. The dwelling was constructed in 1969 and is approximately 50 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 484 square foot garage. The property has a 20,120 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,932 to 4,024 square feet of living area. The dwellings range in age from 54 to 89 years old. The appellant reported that each comparable has a basement, one

of which has finished area. Each comparable has central air conditioning, a fireplace and a garage that ranges in size from 276 to 528 square feet of building area. The comparables have improvement assessments that range from \$100,926 to \$137,979 or from \$34.29 to \$34.88 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$122,662 or \$34.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$206,617. The subject property has an improvement assessment of \$131,668 or \$37.07 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 3,192 to 3,915 square feet of living area. The dwellings were built from 1972 to 1984 with comparables #1 and #4 having reported effective ages of 1982 and 1986, respectively. The board of review reported that each comparable has a basement, four of which have recreation rooms. The comparables each have central air conditioning, one or two fireplaces and a garage that ranges in size from 529 to 704 square feet of building area. Four comparables each have an inground swimming pool. The comparables have improvement assessments that range from \$149,791 to \$167,364 or from \$41.72 to \$48.47 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 due to its smaller dwelling size, older age and finished basement, when compared to the subject. The Board gives reduced weight to the comparables submitted by the board of review which differ from the subject in that they have a basement recreation room and/or an inground swimming pool, unlike the subject. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3. These comparables are overall more similar to the subject in location, dwelling size, design, age and most features. The comparables have improvement assessments of \$34.29 and \$34.88 per square foot of living area, respectively. The subject's improvement assessment of \$37.07 per square foot of living area falls above the two best comparables in the record on a square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is excessive. Therefore, based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
