

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Catherine Casper
DOCKET NO.: 19-06341.001-R-1
PARCEL NO.: 16-08-211-010

The parties of record before the Property Tax Appeal Board are Catherine Casper, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$78,440
IMPR.: \$150,949
TOTAL: \$229,389

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,143 square feet of living area. The dwelling was constructed in 1985 and is approximately 34 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 674 square foot garage. The property has a 16,700 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,685 to 3,309 square feet of living area. The dwellings range in age from 31 to 63 years old. Each comparable has an unfinished basement, central air

conditioning and a garage that ranges in size from 480 to 675 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$116,077 to \$140,162 or from \$40.55 to \$44.24 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$133,891 or \$42.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$229,389. The subject property has an improvement assessment of \$150,949 or \$48.03 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,998 to 3,488 square feet of living area. The dwellings were built from 1986 to 1988 with comparable #1 having a reported effective age of 1991. The board of review reported that each comparable has a basement, one of which has a recreation room. Each comparable has central air conditioning, one or two fireplaces and a garage that ranges in size from 528 to 759 square feet of building area. The comparables have improvement assessments that range from \$130,304 to \$170,855 or from \$37.36 to \$55.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #3 due to their older ages in relation to the subject dwelling. The Board gives reduced weight to board of review comparable #2 as it has a basement recreation room, not a feature of the subject.

The Board finds the best evidence of assessment equity to be parties' remaining comparables, which are similar to the subject in location, dwelling size, design, age and most features. The comparables have improvement assessments that range from \$130,304 to \$165,876 or from \$37.36 to \$55.33 per square foot of living area. The subject's improvement assessment of \$150,949 or \$48.03 per square foot of living area falls within the range established by the best comparables in the record both in terms of overall improvement assessment and on a square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
