

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lee Greenberg  
DOCKET NO.: 19-06342.001-R-1  
PARCEL NO.: 16-35-103-011

The parties of record before the Property Tax Appeal Board are Lee Greenberg, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$49,232  
**IMPR.:** \$156,731  
**TOTAL:** \$205,963

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 3,653 square feet of living area. The dwelling was constructed in 1954 and is approximately 65 years old. The dwelling has a reported effective age of 1962. Features of the home include an unfinished basement, central air conditioning, a fireplace, a 475 square foot garage and a 480 square foot inground swimming pool.<sup>1</sup> The property has a 20,386 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The

<sup>1</sup> The subject's property record card provided by the board of review disclosed the property has a 480 square foot inground swimming pool, which was unrefuted by the appellant.

comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 2,052 to 4,582 square feet of living area. The dwellings range in age from 56 to 78 years old. The appellant reported that three comparables have crawl space foundations and one comparable has 1,852/slab of basement area. Each comparable has central air conditioning, one or two fireplaces and a garage that ranges in size from 462 to 752 square feet of building area. The comparables have improvement assessments that range from \$81,719 to \$160,786 or from \$35.09 to \$39.82 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$136,622 or \$37.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,963. The subject property has an improvement assessment of \$156,731 or \$42.90 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick, brick and wood siding, or wood siding and stone exterior construction ranging in size from 2,957 to 4,013 square feet of living area. The dwellings were built from 1962 to 1964 and have reported effective ages that range from 1965 to 1973. Each comparable has a basement with a recreation room, central air conditioning, one to four fireplaces and a garage that ranges in size from 440 to 528 square feet of building area. One comparable has an inground swimming pool. The comparables have improvement assessments that range from \$143,260 to \$189,529 or from \$45.06 to \$48.78 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board finds none of the comparables are truly similar to the subject due to significant differences in dwelling size, age and/or features. The Board has given reduced weight to the appellant's comparables #1, #3 and #4, along with board of review comparable #3 due to their dissimilar dwelling sizes when compared to the subject. The Board finds the parties' remaining comparables are overall more similar to the subject in location, dwelling size and design. However, these comparables have varying degrees of similarity to the subject in age and/or features. Nevertheless, these comparables have improvement assessments that range from \$130,136 to \$189,529 or from \$38.64 to \$48.78 per square foot of living area. The subject's improvement assessment of \$156,731 or \$42.90 per square foot of living area falls within the range established by the more similar comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the

Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
