

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Rolnick
DOCKET NO.: 19-06347.001-R-1
PARCEL NO.: 16-36-207-030

The parties of record before the Property Tax Appeal Board are Michael Rolnick, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$87,620
IMPR.: \$97,525
TOTAL: \$185,145

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,048 square feet of living area. The dwelling was constructed in 1921, is 98 years old and has an effective age of 1956. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a 484 square foot garage. The property has an approximately 10,670 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 2.5-story dwellings of brick or stucco exterior construction that range in size from 2,754 to 3,660 square feet of living area. The homes range in age from 83 to 108 years old. Each comparable has a basement, three with finished area,

central air conditioning and one or two fireplaces. Three comparables have a garage ranging in size from 323 to 672 square feet of building area.¹ The comparables have improvement assessments that range from \$82,270 to \$104,894 or from \$28.66 to \$29.87 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$89,916 or \$29.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,524. The subject has an improvement assessment of \$115,904 or \$38.03 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. As identified in the upper portion of the grid analysis and given that the 2019 assessment of the subject property is not correctly set forth, it appears to the Property Tax Appeal Board that the submission contains assessment details for the 2020 tax year. Since 2020 assessment information is not responsive to a January 1, 2019 assessment appeal, the Board is not able to meaningfully analyze the board of review's equity comparables for this appeal. Based on this 2020 assessment evidence, the board of review requested the subject's 2019 assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4 which differ from the subject in design, dwelling size, unfinished basement and/or lack of a garage when compared to the subject. The Board also gives no weight to the board of review's comparables as the assessment information submitted refers to tax year 2020, whereas the appellant's appeal is based on a 2019 tax year appeal.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 which are more similar to the subject in location, design, dwelling size and features. These comparables have improvement assessments of \$94,280 and \$90,760 or \$29.59 and \$29.78 per square foot of living area, respectively. The subject's improvement assessment of \$115,904 or \$38.03 per square foot of living area falls above the two best comparables in this record. After considering adjustments to the comparables for differences from the subject, including the

subject's larger finished basement area, on this somewhat limited record due to the erroneous board of review evidentiary submission, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
