

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anna Shayevsky  
DOCKET NO.: 19-06423.001-R-1  
PARCEL NO.: 06-28-107-004

The parties of record before the Property Tax Appeal Board are Anna Shayevsky, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,245  
**IMPR.:** \$43,187  
**TOTAL:** \$49,432

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a tri-level dwelling of vinyl siding exterior construction with 1,040 square feet of above grade living area. The dwelling was constructed in 2003. Features of the home include a finished lower level, central air conditioning and a 400 square foot garage. The property has a 5,000 square foot site and is located in Round Lake Park, Avon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with tri-level dwellings of vinyl siding exterior construction that range in size from 1,056 to 1,096 square feet of above grade living area. The homes were built from 1975 to 1991. Each comparable has a finished lower level and a garage ranging in size

from 240 to 576 square feet of building area. Three comparables have central air conditioning. The comparables have improvement assessments that range from \$31,361 to \$35,222 or from \$29.20 to \$33.14 per square foot of above grade living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$31,307 or \$30.10 per square foot of above grade living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,432. The subject has an improvement assessment of \$43,187 or \$41.53 per square foot of above grade living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with tri-level dwellings of vinyl siding exterior construction that range in size from 1,161 to 1,182 square feet of above grade living area. The homes were built from 2005 to 2007. Each comparable has a finished lower level, central air conditioning and a garage ranging in size from 400 to 500 square feet of building area. The comparables have improvement assessments that range from \$47,838 to \$49,628 or from \$40.66 to \$42.19 per square foot of above grade living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are older in age when compared to the subject and other comparables in the record.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$47,838 to \$49,628 or from \$40.66 to \$42.19 per square foot of above grade living area. The subject's improvement assessment of \$43,187 or \$41.53 per square foot of above grade living area falls below the range established by the best comparables in this record on an overall basis and within the range on a per square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
