

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Milton Robinson
DOCKET NO.: 19-06429.001-R-1
PARCEL NO.: 16-25-104-002

The parties of record before the Property Tax Appeal Board are Milton Robinson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$165,409
IMPR.: \$119,641
TOTAL: \$285,050

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,300 square feet of living area. The dwelling was constructed in 1930 and is 89 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 440 square foot garage. The property has an approximately 30,070 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,055 to 4,258 square feet of living area. The homes range in age from 80 to 93 years old. Each comparable has an unfinished basement, central air

conditioning, one or two fireplaces and a garage ranging in size from 414 to 462 square feet of building area. The comparables have improvement assessments that range from \$80,359 to \$125,812 or from \$26.30 to \$32.21 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$99,165 or \$30.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$297,416. The subject has an improvement assessment of \$132,007 or \$40.00 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, stucco, or wood siding exterior construction that range in size from 3,061 to 3,599 square feet of living area. The homes range in age from 83 to 113 and have effective ages of ranging from 65 to 94 years old. Each comparable has a basement, four with finished area, two or three fireplaces and a garage ranging in size from 393 to 814 square feet of building area. Four comparables have central air conditioning. The comparables have improvement assessments that range from \$148,156 to \$213,120 or from \$44.72 to \$69.62 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 along with board of review comparables #1, #2, #4 and #5 which differ from the subject in dwelling size, age and/or feature a finished basement when compared to the subject's slab foundation.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, design and dwelling size although each of these properties includes a basement compared to the subject's slab foundation, suggesting downward adjustments are necessary to make these properties more equivalent to the subject. These comparables have improvement assessments that range from \$80,359 to \$159,680 or from \$26.30 to \$46.34 per square foot of living area. The subject's improvement assessment of \$132,007 or \$40.00 per square foot of living area falls within the range established by the best comparables in this record. However, after considering adjustments to the comparables for differences from the subject, such as foundation type, the Board finds the appellant demonstrated

with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
