

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Staisny
DOCKET NO.: 19-06437.001-R-1
PARCEL NO.: 16-34-401-024

The parties of record before the Property Tax Appeal Board are David Staisny, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$68,937
IMPR.: \$235,361
TOTAL: \$304,298

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding and stone exterior construction with 4,706 square feet of living area. The dwelling was constructed in 2007 and is approximately 12 years old. The subject has a reported effective age of 2011.¹ Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 778 square foot garage. The property has a 18,321 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located from 0.10 to 0.28 of a mile from the subject

¹ Additional details regarding the subject not reported by the appellant are found in the subject's property record card presented by the board of review.

property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of brick or wood siding exterior construction ranging in size from 4,186 to 5,237 square feet of living area. The dwellings are from 15 to 17 years old. Each home has a basement, one of which has finished area, central air conditioning, a fireplace, and a garage ranging in size from 679 to 882 square feet of building area. The comparables have improvement assessments ranging from \$198,713 to \$229,420 or from \$43.81 to \$47.47 per square foot of living area

Based upon this evidence, the appellant requested the subject property's improvement assessment be reduced to \$216,205 or \$45.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$304,298. The subject property has an improvement assessment of \$235,361 or \$50.01 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located from 0.13 to 0.25 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of brick, brick and stone, stone and stucco, or stone and wood siding exterior construction ranging in size from 4,263 to 5,519 square feet of living area. The dwellings were built from 2004 to 2011. Each home has a basement with a recreation room, central air conditioning, two fireplaces, and a garage ranging in size from 718 to 958 square feet of building area. The comparables have improvement assessments ranging from \$249,547 to \$324,925 or from \$58.44 to \$60.23 per square foot of living area.

Based upon this evidence, the board of review requested confirmation of the subject property's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3, and #4, due to their lack of finished basement area which the subject features. The Board gives less weight to the board of review's comparable #4, which has a much larger home than the subject dwelling.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparables #1, #2, #3, and #5, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement

assessments that range from \$229,420 to \$292,401 or from \$43.81 to \$60.23 per square foot of living area. The subject's improvement assessment of \$235,361 or \$50.01 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
