

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kids Therapy Ltd
DOCKET NO.: 19-06473.001-C-1
PARCEL NO.: 11-18-100-038

The parties of record before the Property Tax Appeal Board are Kids Therapy Ltd, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,895
IMPR.: \$147,564
TOTAL: \$172,459

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an office condominium containing 3,436 square feet of building area. The building was constructed in 2006. The property is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that are located from 1 to 8.5 miles from the subject in Libertyville, Gurnee or Lake Bluff. The comparables are improved with office condominiums containing from 2,650 to 7,812 square feet of building area. The buildings were constructed from 1988 to 2006. The comparables sold in May 2018 or September 2019 for prices ranging from \$345,000 to \$875,000 or from \$112.01 to \$130.19 per square foot of building area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,459. The subject's assessment reflects a market value of \$524,351 or \$152.61 per square foot of building area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located in Gurnee or Libertyville. The comparables are improved with office condominiums containing from 1,200 to 7,867 square feet of building area. Four of the buildings were constructed from 1997 to 2007. The comparables sold from May 2018 to December 2020 for prices ranging from \$220,000 to \$1,429,360 or from \$157.30 to \$186.67 per square foot of building area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3, as well as the board of review's comparables #1, #2, #3 and #4, due to their differences in size when compared to the subject. In addition, the board of review's comparable #1 has a sale date occurring greater than 20 months after the January 1, 2019 assessment date at issue. The Board finds the parties' remaining comparables have varying degrees of similarity to the subject, however, each of the best comparables are considerably smaller than the subject. The best comparables sold in May 2018 for prices of \$345,000 and \$444,000 or \$130.19 and \$177.60 per square foot of building area, including land. The subject's assessment reflects a market value of \$524,351 or \$152.61 per square foot of building area, including land, which falls above the market values of the best comparable sales in the record on a total market value basis but within the market values on a per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their considerably smaller size, the Board finds the subject's total estimated market value as reflected by its assessment is supported.

Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
