

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Quintin McGrath
DOCKET NO.: 19-06484.001-R-1
PARCEL NO.: 11-16-405-108

The parties of record before the Property Tax Appeal Board are Quintin McGrath, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,338
IMPR.: \$193,411
TOTAL: \$258,749

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,530 square feet of living area. The dwelling was built in 2012 and is approximately 7 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 426 square feet of building area. The property has a site with approximately 2,740 square feet of land area and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story or three-story dwellings of wood siding exterior construction ranging in size from 2,886 to 3,557 square feet of living area. The dwellings range in age from 6 to 9 years old. Each comparable has an unfinished basement, central air

conditioning, one fireplace, and an attached garage with either 428 or 476 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .03 to .06 of a mile from the subject property. The improvement assessments on these properties range from \$205,416 to \$245,089 or from \$68.90 to \$71.38 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$178,394.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$258,749. The subject property has an improvement assessment of \$193,411 or \$76.45 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of wood siding exterior construction ranging in size from 2,419 to 2,793 square feet of living area. The homes were built in 2011 and 2012. Each comparable has an unfinished basement, central air conditioning, one fireplace, and an attached garage ranging in size from 410 to 480 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .01 to .06 of a mile from the subject property. The improvement assessments on these properties range from \$191,362 to \$216,543 or from \$72.38 to \$79.52 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties that are similar to the subject in location, age, and most features. The Board, however, gives most weight to the comparables provided by the board of review as these properties are improved with dwellings most similar to the subject in style and size. These comparables have improvement assessments that range from \$191,362 to \$216,543 or from \$72.38 to \$79.52 per square foot of living area. The subject's improvement assessment of \$193,411 or \$76.45 per square foot of living area falls within the range established by the best comparables in this record. Less weight was given to the appellant's comparables as comparables #1 and #2 are improved with three-story dwellings, unlike the subject's two-story dwelling, and the appellant's comparable dwellings are not as similar to the subject dwelling in size when contrasted with the board of review comparables. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
