

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Judith Oclon
DOCKET NO.: 19-06492.001-R-1
PARCEL NO.: 11-29-311-086

The parties of record before the Property Tax Appeal Board are Judith Oclon, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,173
IMPR.: \$111,903
TOTAL: \$136,076

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,250 square feet of living area. The dwelling was constructed in 2000 and is approximately 19 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a 441 square foot garage. The property has an approximately 6,168 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with one-story homes of brick exterior construction with either 2,497 or 2,538 square feet of living area. The dwellings are 21 years old. Each home has an unfinished basement, central air conditioning, and a garage ranging in size from 462 to 502

square feet of building area. Three of the homes each have a fireplace. The comparables have improvement assessments ranging from \$112,641 to \$113,159 or from \$44.38 to \$45.29 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$101,407 or \$45.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,076. The subject property has an improvement assessment of \$111,903 or \$49.73 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located from 0.06 to 0.24 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with one-story homes of brick exterior construction with either 2,232 or 2,250 square feet of living area. The dwellings were built from 1997 to 2000. Each home has an unfinished basement, central air conditioning, and a 441 square foot garage. Three of the homes each have a fireplace. The comparables have improvement assessments ranging from \$110,903 to \$112,426 or from \$49.29 to \$49.97 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. These comparables are similar to the subject in dwelling size, age, location, and most features, with the board of review's comparable #3 being identical to the subject in dwelling size, age, and amenities and having an improvement assessment of \$111,903 or \$49.73 per square foot of living area. These eight comparables present improvement assessments that range from \$110,903 to \$113,159 or from \$44.38 to \$49.97 per square foot of living area. The subject's improvement assessment of \$111,903 or \$49.73 per square foot of living area falls within the range established by the best comparables in this record and is identical to and well-supported by the most similar comparable in this record. Based on this record and after considering appropriate adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
