

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anita Levinson
DOCKET NO.: 19-06516.001-R-1
PARCEL NO.: 14-22-201-111

The parties of record before the Property Tax Appeal Board are Anita Levinson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,055
IMPR.: \$183,960
TOTAL: \$232,015

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,847 square feet of living area. The dwelling was constructed in 1994 and is approximately 25 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a garage with 690 square feet of building area. The property has a site with approximately 17,700 feet of land area and is located in Kildeer, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located within 0.59 of a mile from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 3,257 to 4,236 square feet of living area. The dwellings range in age from 23 to 25 years old. Each comparable has a full unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 660 to 735 square feet of building area. The comparables have improvement assessments that range from \$147,923 to \$189,774 or from \$44.80 to \$45.58 per square foot of living area. Based on this evidence, the

appellant requested the subject's improvement assessment be reduced to \$173,788 or \$45.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$232,015. The subject property has an improvement assessment of \$183,960 or \$47.82 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis on four suggested equity comparables located within 0.16 of a mile from the subject and within the same assessment neighborhood as the subject property. The comparables are improved with two-story dwellings of brick and wood siding exterior construction that range in size from 3,628 to 3,999 square feet of living area. The dwellings were built from 1994 to 1998. Three comparables have a full unfinished basement with two having walk-out basements and one has a concrete-slab foundation. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 722 to 792 square feet of building area. One comparable has an inground swimming pool. The comparables have improvement assessments ranging from \$178,661 to \$194,612 or from \$48.21 to \$49.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 for the property being slightly larger in dwelling size when compared to the subject. The Board gave less weight to the board of review comparable #4 for the lack of a basement foundation and the inground swimming pool that the subject property lacks.

The Board finds the best evidence of assessment equity are the appellant's comparables #2, #3 and #4 along with the board of review comparables #1, #2 and #3 as these comparables are similar when compared to the subject in design, dwelling size, age, and some features. These comparables have improvement assessments ranging from \$147,923 to \$194,612 or from \$44.89 to \$49.25 per square foot of living area. The subject's improvement assessment of \$183,960 or \$47.82 per square foot of living area, falls within the range established by the most similar assessment comparables contained in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
