

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Feng Lu  
DOCKET NO.: 19-06520.001-R-1  
PARCEL NO.: 14-22-302-023

The parties of record before the Property Tax Appeal Board are Feng Lu, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$26,848  
**IMPR.:** \$125,422  
**TOTAL:** \$152,270

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,492 square feet of living area. The dwelling was constructed in 1991 and is approximately 28 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and an attached garage with 500 square feet of building area. The property has a site with approximately 10,090 square feet of land area and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located within 0.21 of a mile from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,394 to 2,600 square feet of living area. The dwellings range in age from 28 to 30 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and an attached garage ranging in size from 400 to 500 square feet of building area. The comparables have improvement assessments that range from \$117,488 to \$125,409 or from \$48.23 to \$49.43 per square foot of living area. Based on this evidence, the

appellant requested the subject's improvement assessment be reduced to \$122,170 or \$49.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$152,270. The subject property has an improvement assessment of \$125,422 or \$50.33 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of ten suggested equity comparables located within 0.34 of a mile from the subject and within the same assessment neighborhood as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction with either 2,492 and 2,556 square feet of living area. The dwellings were built from 1989 to 1993. Each comparable has an unfinished basement with seven having walk-out basements, central air conditioning, one or two fireplaces and an attached garage ranging in size from 400 to 500 square feet of building area. The comparables have improvement assessments ranging from \$128,202 to \$131,817 or from \$51.29 to \$52.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted fourteen suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #2 along with the board of review comparable #10 for their differences in size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 along with the board of review comparables #1 through #9 as these comparables are identical to the subject in dwelling size and similar to the subject in location, design, size and some features. These comparables have improvement assessments ranging from \$123,083 to \$131,817 or from \$49.39 to \$52.90 per square foot of living area. The subject's improvement assessment of \$125,422 or \$50.33 per square foot of living area, falls within the range established by the most similar assessment comparables contained in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
