

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Meehan
DOCKET NO.: 19-06524.001-R-1
PARCEL NO.: 14-31-308-006

The parties of record before the Property Tax Appeal Board are Joseph Meehan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,096
IMPR.: \$135,009
TOTAL: \$174,105

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,671 square feet of living area. The dwelling was constructed in 1967 and is approximately 52 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached garage with 616 square feet of building area. The property has a site with approximately 19,470 feet of land area and is located in Barrington, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located within 0.29 of a mile from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 2,644 to 3,321 square feet of living area. The dwellings range in age from 51 to 53 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and an attached garage ranging in size from 420 to 484 square feet of building area. The comparables have improvement assessments that range from \$117,255 to \$148,924 or from \$44.20 to \$44.84 per square foot of living area. Based on this

evidence, the appellant requested the subject's improvement assessment be reduced to \$118,859 or \$44.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$174,105. The subject property has an improvement assessment of \$135,009 or \$50.55 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of five suggested equity comparables located within 0.60 of a mile from the subject and within the same assessment neighborhood as the subject property. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction that range in size from 2,577 to 2,902 square feet of living area. The dwellings were built from 1967 to 1972. Each comparable has an unfinished basement with one having a walk-out basement, central air conditioning, one or two fireplaces and an attached garage ranging in size from 462 to 616 square feet of building area. The comparables have improvement assessments ranging from \$129,457 to \$148,373 or from \$48.50 to \$51.13 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #4 due to their slightly larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity are the appellant's comparable #2 and #3 along with the board of review comparables as these comparables are similar to the subject in location, design, age, size, and features. These comparables have improvement assessments ranging from \$117,255 to \$148,373 or from \$44.35 to \$51.13 per square foot of living area. The subject's improvement assessment of \$135,009 or \$50.55 per square foot of living area, falls within the range established by the best comparables contained in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
