

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alex Mesin  
DOCKET NO.: 19-06529.001-R-1  
PARCEL NO.: 14-33-112-010

The parties of record before the Property Tax Appeal Board are Alex Mesin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$44,287  
**IMPR.:** \$129,347  
**TOTAL:** \$173,634

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,825 square feet of living area. The dwelling was constructed in 1987 and is approximately 32 years old. Features of the home include a full basement, central air conditioning, a fireplace and a garage with 825 square feet of building area. The property has a site with approximately 45,230<sup>1</sup> square feet of land area and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables located within 1.14 miles from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction that range in size from 2,820 to 3,285 square feet of living area. The dwellings are 34 or 41 years old. Each comparable has a full basement, central air conditioning, one fireplace and a garage ranging in size from 529 to 800 square feet of building area. The comparables

have improvement assessments that range from \$120,268 to \$137,355 or from \$41.81 to \$43.99 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$120,910 or \$42.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$173,634. The subject property has an improvement assessment of \$129,347 or \$45.79 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of five suggested equity comparables located within 1.84 miles from the subject and within the same assessment neighborhood as the subject property. The comparables are improved with 1-story to 2-story dwellings of wood siding or brick and wood siding exterior construction that range in size from 2,758 to 2,996 square feet of living area. The dwellings were built from 1985 to 1994. Each comparable has a full basement with two comparables having a walk-out design. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 596 to 794 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from \$130,108 to \$173,366 or from \$46.47 to \$57.87 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the board of review comparables #2, #3 and #5 due to differences from the subject in design or inground swimming pool which the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with the board of review comparables #1 and #4 as these comparables are similar when compared to the subject in design, dwelling size and features. These comparables have improvement assessments ranging from \$120,268 to \$147,844 or \$41.81 to \$51.12 per square foot of living area. The subject's improvement assessment of \$129,347 or \$45.79 per square foot of living area, falls within the range established by the most similar assessment comparables contained in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
