

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lee Guo
DOCKET NO.: 19-06674.001-R-1
PARCEL NO.: 15-33-104-001

The parties of record before the Property Tax Appeal Board are Lee Guo, the appellant, by attorney Timothy C. Jacobs, of Kovitz Shifrin Nesbit in Mundelein, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,609
IMPR.: \$117,764
TOTAL: \$144,373

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,444 square feet of living area. The dwelling was constructed in 1978 and is 41 years old. Features of the home include a basement that is finished with a recreation room, central air conditioning, one fireplace, and a 460 square foot garage. The property has a 9,153 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .43 miles from the subject and with the same assessment neighborhood code as the subject. The comparables have sites that range in size from 6,825 to 7,635 square feet of land area and are improved with two-story dwellings of frame exterior construction that are 34 and 41 years old. The dwellings have either 2,444 or 2,470 square feet of living area. Two comparables have basements with one

having finished area. Each comparable has central air conditioning and a garage with 460 square feet of building area. Two comparables each have one fireplace. The comparables sold from April 2018 to January 2019 for prices ranging from \$387,000 to \$414,000 or from \$156.68 to \$167.61 per square foot of living area, including land. The appellant's evidence disclosed the subject sold in October 2017 for \$385,000 or \$157.53 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,373. The subject's assessment reflects a market value of \$438,957 or \$179.61 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within .60 miles from the subject and with the same assessment neighborhood code as the subject. The comparables have sites ranging in size from 7,210 to 11,600 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that were built from 1979 to 1988 with comparable #1 having an effective age of 2001. The dwellings range in size from 2,266 to 2,752 square feet of living area. Four comparables have basements with two having a recreation room. One comparable has a concrete slab foundation. Each comparable has central air conditioning and a garage with either 441 or 460 square feet of building area. Two comparables each have a fireplace. The comparables sold from August 2018 to July 2019 for prices ranging from \$435,000 to \$520,000 or from \$174.42 to \$229.48 per square foot of living area, including land. The board of review's evidence also disclosed the subject sold in October 2017 for \$385,000 or \$157.53 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration. The Board gives less weight to appellant's comparable #2 along with board of review comparables #1, #2 and #3 which lack a basement or are less similar in dwelling size when compared to the subject.

The Board finds the best evidence of the subject's market value to be the parties' remaining comparables. These four comparables are more similar to the subject in location, age, dwelling size and most features. However, three comparables have unfinished basements that require upward adjustments to make them more equivalent to the subject. Nevertheless, the comparables sold from December 2018 to July 2019 for prices ranging from \$387,000 to \$440,000 or from \$156.68 to \$178.14 per square foot of living area, including land. The subject's assessment

reflects a market value of \$438,957 or \$179.61 per square foot of living area, including land, which is within the range established by the best comparables in the record on overall value but slightly above on a price per square foot basis. However, based on this evidence and after considering adjustments to the best comparable sales for differences when compared to the subject, the Board finds the appellant failed to prove by a preponderance of the evidence that a reduction in the subject's assessment is justified based on overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
