

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Moen
DOCKET NO.: 19-06758.001-R-1
PARCEL NO.: 10-25-316-019

The parties of record before the Property Tax Appeal Board are Matthew Moen, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 25,795
IMPR.: \$103,766
TOTAL: \$129,561

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 3,313 square feet of living area. The dwelling was constructed in 2012 and is 7 years old. Features of the home include an unfinished full basement, central air conditioning, a fireplace and a 485 square foot garage. The property has a 10,130 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located in close proximity to the subject. The comparable parcels range in size from 8,010 to 12,110 square feet of land area improved with two-story dwellings of vinyl siding or brick and vinyl siding exterior construction. The homes were built in either 2007 or 2011 and range in size from 2,950 to 3,618 square feet of living area. Each comparable has a basement, one of which has finished area.

Features include central air conditioning, a fireplace and a garage ranging in size from 420 to 693 square feet of building area. The comparables sold from February to April 2017 for prices ranging from \$332,500 to \$390,000 or from \$99.52 to \$115.93 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduced total assessment of \$119,024 which would reflect a market value of \$357,108 or \$107.79 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$129,561. The subject's assessment reflects a market value of \$393,922 or \$118.90 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales, where board of review comparable #2 is the same property as appellant's comparable #1. The comparable parcels range in size from 8,010 to 12,110 square feet of land area improved with two-story dwellings of vinyl siding exterior construction. The homes were built from 2007 to 2012 and range in size from 2,676 to 3,618 square feet of living area. The comparables each have a basement, one of which has finished area. Features include central air conditioning and a garage ranging in size from 400 to 745 square feet of building area. Three of the comparables each have a fireplace. The comparables sold from April 2017 to August 2020 for prices ranging from \$330,000 to \$399,000 or from \$107.79 to \$138.93 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales, one of which was common to both parties, to support their respective positions before the Property Tax Appeal Board and which sales were roughly equally distant in time from the valuation date at issue of January 1, 2019. The Board finds the comparables presented sold from February 2017 to August 2020 for prices ranging from \$332,500 to \$399,000 or from \$99.52 to \$138.93 per square foot of living area, including land. The subject's assessment reflects a market value of \$393,922 or \$118.90 per square foot of living area, including land, which is within the range established by the comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
