

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anthony Reganato
DOCKET NO.: 19-06820.001-R-1
PARCEL NO.: 14-22-403-034

The parties of record before the Property Tax Appeal Board are Anthony Reganato, the appellant, by attorney Andrew J. Rukavina of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$86,789
IMPR.: \$290,965
TOTAL: \$377,754

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,476 square feet of living area. The dwelling was constructed in 2007. Features of the home include an unfinished basement, central air conditioning, four fireplaces and a 998 square foot garage. The property has a 39,391 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located from 260 to 805 feet from the subject property and within the same assessment neighborhood code as the subject. The comparables have sites that range in size from 33,000 to 33,660 square feet of land area and are improved with two-story dwellings of brick exterior construction ranging in size from 5,482 to 6,012 square feet of living area. The dwellings were built in 2006 or 2007. The comparables each have an unfinished basement, one of which is a walk-out. Each comparable has central air

conditioning, two to four fireplaces and a garage that ranges in size from 950 or 1,040 square feet of building area. Comparable #3 has an inground swimming pool. The properties sold from January 2016 to June 2018 for prices ranging from \$970,000 to \$1,150,000 or from \$166.01 to \$207.04 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$349,146, which would reflect a market value of \$1,047,543 or \$191.30 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$377,754. The subject's assessment reflects a market value of \$1,148,538 or \$209.74 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located from .05 to .64 of a mile from the subject property, two of which are within the same assessment neighborhood code as the subject. The board of review's comparable #1 is a duplicate of the appellant's comparable #3. The comparables have sites that range in size from 32,711 to 36,803 square feet of land area and are improved with two-story dwellings of brick exterior construction ranging in size from 4,772 to 5,861 square feet of living area. The dwellings were built from 2004 to 2016. The comparables each have an unfinished walk-out basement, central air conditioning, two or three fireplaces and a garage that ranges in size from 724 to 1,040 square feet of building area. Comparable #1 has an inground swimming pool. The properties sold from February 2018 to July 2019 for prices ranging from \$1,010,000 to \$1,200,000 or from \$204.74 to \$211.65 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of five suggested comparable sales for the Board's consideration, as one sale was common to both parties. The Board has given less weight to the appellant's comparables #1 and #2 as their sales occurred in 2016, which are dated and less likely to be indicative of the subject's market value as of January 1, 2019.

The Board finds the best evidence of market value to be the parties' remaining comparables, which includes the common comparable. The board finds these comparables are relatively similar to the subject in location, dwelling size, design, age and some features. These properties sold from February 2018 to July 2019 for prices ranging from \$1,010,000 to \$1,200,000 or from \$204.74 to \$211.65 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,148,538 or \$209.74 per square foot of living area, including land,

which falls within the range established by the best comparable sales in the record both in terms of overall market value and on a price per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
