

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bradley Long
DOCKET NO.: 19-06821.001-R-1
PARCEL NO.: 14-08-310-023

The parties of record before the Property Tax Appeal Board are Bradley Long, the appellant, by attorney Andrew J. Rukavina of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,358
IMPR.: \$210,204
TOTAL: \$257,562

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,563 square feet of living area. The dwelling was constructed in 2006. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 937 square foot garage. The property has a 20,040 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located from .10 to .86 of a mile from the subject property and within the same assessment neighborhood code as the subject. The comparables have sites that range in size from 15,250 to 17,420 square feet of land area and are improved with two-story dwellings of brick exterior construction ranging in size from 4,274 to 4,751 square feet of living area. The dwellings were built from 2001 to 2005. The comparables

each have an unfinished basement, central air conditioning, two fireplaces and a garage that ranges in size from 626 to 897 square feet of building area. The properties sold from July 2016 to June 2017 for prices ranging from \$610,000 to \$670,000 or from \$131.55 to \$153.66 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$217,044, which would reflect a market value of \$651,197 or \$142.71 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$257,562. The subject's assessment reflects a market value of \$783,101 or \$171.62 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located from .13 to .90 of a mile from the subject property and within the same assessment neighborhood code as the subject. The comparables have sites that range in size from 15,040 to 15,250 square feet of land area and are improved with two-story dwellings of brick exterior construction ranging in size from 3,860 to 4,515 square feet of living area. The dwellings were built from 2003 to 2017. The comparables each have an unfinished basement, central air conditioning and a garage that ranges in size from 723 to 860 square feet of building area. Four comparables each have from one to three fireplaces. The properties sold from February 2018 to June 2019 for prices ranging from \$725,000 to \$800,000 or from \$161.68 to \$203.89 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables as their sales occurred in 2016 and 2017, which are dated and less likely to be indicative of the subject's market value as of the January 1, 2019 assessment date. The Board has given reduced weight to board of review comparables #1 and #2 due to their newer dwelling ages when compared to the subject dwelling.

The Board finds the best evidence of market value to be board of review comparables #3, #4 and #5, which sold proximate in time to the assessment date at issue and are similar to the subject in location, dwelling size, design, age and most features. The comparables sold from June 2018 to June 2019 for prices ranging from \$725,000 to \$775,000 or from \$161.68 to \$181.80 per square foot of living area, including land. The subject's assessment reflects a market value of \$783,101 or \$171.62 per square foot of living area, including land, which falls above the range established

by the best comparable sales in the record in terms of overall market value but within the range on a price per square foot basis. The subject's a higher overall market value appears to be justified given its larger dwelling size. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
