

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Taher Sobhy
DOCKET NO.: 19-06832.001-R-1
PARCEL NO.: 10-13-303-006

The parties of record before the Property Tax Appeal Board are Taher Sobhy, the appellant, by attorney Andrew J. Rukavina of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,301
IMPR.: \$77,264
TOTAL: \$95,565

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,515 square feet of living area. The dwelling was constructed in 1992 and is approximately 27 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 441 square foot garage. The property has a 10,000 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .67 of a mile from the subject property. The comparables have sites that range in size from 10,000 to 13,330 square feet of land area and are improved with two-story dwellings of vinyl siding exterior construction ranging in size from 2,732 to 3,131 square feet of living area. The dwellings range in age from 25 to 29 years old.

The comparables each have a basement, three of which are finished with recreation rooms. Each comparable has central air conditioning, one or two fireplaces and a garage with either 441 or 462 square feet of building area. Comparable #1 has an inground swimming pool. The properties sold from August 2017 to June 2018 for prices ranging from \$277,500 to \$320,000 or from \$96.49 to \$104.14 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$84,093, which would reflect a market value of \$252,304 or \$100.32 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,565. The subject's assessment reflects a market value of \$290,559 or \$115.53 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject, one of which is located on the same street as the subject property. The comparables have sites that range in size from 10,000 to 13,120 square feet of land area and are improved with two-story dwellings of vinyl siding exterior construction with either 2,515 or 2,534 square feet of living area. The dwellings were built from 1992 to 1996. The comparables each have a basement, one of which is finished with a recreation room. Each comparable has central air conditioning, a fireplace and a garage with either 420 or 441 square feet of building area. Comparable #2 has a frame utility shed. The properties sold from February 2018 to September 2019 for prices ranging from \$315,000 to \$355,000 or from \$125.25 to \$140.09 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #3, #4 and #5, as well as the board of review's comparable #1 due to differences from the subject in dwelling size, basement finished area and/or have sales that occurred in 2017, which are dated and less likely to be indicative of the subject's market value as of the January 1, 2019 assessment date. Furthermore, the appellant's comparable #1 has an inground swimming pool, not a feature of the subject.

The Board finds the best evidence of market value to be the appellant's comparable #2 and the board of review's comparables #2, #3 and #4. The Board finds these comparables sold proximate in time to the assessment date at issue and are similar to the subject in location,

dwelling size, design, age and most features. These comparables sold from February 2018 to September 2019 for prices ranging from \$284,500 to \$355,000 or from \$104.14 to \$140.09 per square foot of living area, including land. The subject's assessment reflects a market value of \$290,559 or \$115.53 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record both in terms of overall market value and on a price per square foot basis. Therefore, based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
