

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jaya Jagadeesan
DOCKET NO.: 19-07077.001-R-1
PARCEL NO.: 07-13-426-045

The parties of record before the Property Tax Appeal Board are Jaya Jagadeesan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,298
IMPR.: \$68,997
TOTAL: \$79,295

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story duplex of wood siding exterior construction with 1,730 square feet of living area. The duplex was constructed in 1993 and is approximately 26 years old. Features of the home include a finished lower level, central air conditioning, and a garage containing 480 square feet of building area. The property has a 10,890 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables consist of one-story duplexes of wood siding exterior construction that were 30 to 35 years old. The homes range in size from 1,961 to 2,128 square feet of living area. Each duplex has a full basement and a garage ranging in size from 300 to 528 square feet of building area.

Comparables #2 and #3 each have central air conditioning. The comparables have improvement assessments ranging from \$56,395 to \$64,707 or from \$28.17 to \$33.00 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$52,505 or \$30.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,295. The subject property has an improvement assessment of \$68,997 or \$39.88 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables consist of one-story duplexes of wood siding exterior construction that were built between 1986 and 2000. The homes range in size from 1,574 to 1,840 square feet of living area. Each duplex has a finished lower level, central air conditioning, and a garage ranging in size from 390 to 1,176 square feet of building area. The comparables have improvement assessments ranging from \$71,680 to \$83,025 or from \$40.00 to \$47.56 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1, #2, and #4 along with board of review comparables #1 and #5 due to their differences in age and/or lack of central air conditioning when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparables #2, #3, and #4 which overall are more similar to the subject in location, age, dwelling size, and features. These comparables had improvement assessments that ranged from \$64,353 to \$83,025 or from \$30.24 to \$47.56 per square foot of living area. The subject's improvement assessment of \$68,997 or \$39.88 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
