

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Raphael Poirot
DOCKET NO.: 19-07096.001-R-1
PARCEL NO.: 10-33-404-007

The parties of record before the Property Tax Appeal Board are Raphael Poirot, the appellant, by attorney Timothy C. Jacobs, of Kovitz Shifrin Nesbit in Mundelein, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,682
IMPR.: \$114,370
TOTAL: \$145,052

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,220 square feet of living area. The dwelling was constructed in 1991 and is 28 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and an 816 square foot garage. The property has approximately a 40,980 square foot site and is located in Hawthorn Woods, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in same assessment neighborhood code as the subject. The comparables are described as 2-story dwellings of frame or brick exterior construction ranging in size from 2,953 to 3,423 square feet of living area. The dwellings are 29 to 31 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage ranging in size from

638 to 726 square feet of building area. The comparables have improvement assessments ranging from \$92,364 to \$111,173 or from \$30.27 to \$32.70 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$145,052. The subject property has an improvement assessment of \$114,370 or \$35.52 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in same assessment neighborhood code as the subject. The comparables consist of 1.5-story or 2-story dwellings of wood siding, brick, or brick and wood siding exterior construction ranging in size from 3,050 to 3,101 square feet of living area. The dwellings were constructed from 1991 to 1994. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage ranging in size from 782 to 875 square feet of building area. The comparables have improvement assessments ranging from \$109,949 to \$111,197 or from \$35.46 to \$36.41 per square foot of living area. The board of review's evidence disclosed the subject sold in March 2017 for \$520,000. The board of review also submitted a Multiple Listing Service Sheet that disclosed the subject was listed in April 2019 for \$564,999, then reduced to \$549,000 and taken off the market in October 2019. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted six equity comparables for the Board's consideration that are similar to the subject in location, age, dwelling size and features. These properties have improvement assessments ranging from \$92,364 to \$111,197 or from \$30.27 to \$36.41 per square foot of living area. The subject has an improvement assessment of \$114,370 or \$35.52 per square foot of living area, which falls within the range established by the best comparables in the record on a per square foot basis but above on an overall basis. However, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
